PLENTY OF PROOF

From People You Know—From
Norway Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Norway, of people who can be seen at any time. Read the following case of it: E. C. Libby, deputy sheriff, Sanborn St., Norway, says: "I had backache a great deal and it was hard to do anything. Not only that but my head ached very often. I noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint so I naturally have great confidence in Doan's.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Libby had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NORWAY AND VICINITY.

Norway Won in Eleventh Inning
Norway High School won over their ancient rivals, South Paris High, in an eleven inning battle at the fair grounds, Saturday afternoon, the score being 6 to 5. This game was a fitting climax to a season filled with defeats and disappointment for the Norway outfit. Through the persistent efforts of Coach P. E. Hathaway, a bunch of raw recruits were whipped into a good working combination which caught their Paris rivals off the base in this last game for the season. The lid went down hard, and during several innings there was not even a gambler's chance on the result. Paris should share equal honors, as the team fought gamely, but were out generated after the sixth inning. Norway stiffened at the bat and assisted by unfortunate misplays, tied the Paris lead, holding on like a bull dog into extra innings.

Both teams were backed with a splendid bunch of rooters from the schools and the two towns lined up with their favorites, giving excellent support. As the game progressed with a tie score, the excitement broke down all reserve. After the ninth inning the spectators on both side lines danced a pow-wow at every play to the accompaniment of auto horns or other music making instruments. It surely was some great game with heavy hitting, erratic base running and several "You first, my dear Alphonse" plays in the field, as feature events.

Paris secured the lead of 2 runs in their first half on 4 singles and a double, they landed 1 more in the second when Descoteau passed three, Fletcher allowed a pass ball and Klain failed to secure a fly in his territory. The visitors copped their fifth and last score in the fourth inning on a hit, two errors and a stolen base.

Norway couldn't spin a thread until the fourth inning. With a good opening then they failed to put one across after filling the bases with two down. Rice crossed the home pan during the last put-out, but after some argument the run was decided illegal and not counted. Klain scored the first run for Norway in the fifth after slugging out a two bagger and finishing the trip on Crooker's double. In the lucky seventh the outfit got after Boyce with a broad side, finding three singles and a double. A pass ball, hitting a batter by the Paris twirler, aided the Norwayites to send across 4 runs which tied the score and sent their stocks above par.

Nothing more doing for either team until the last of the eleventh. Every player worked on his toes during the critical situation with a crowd doing a war dance. Both pitchers felt the strain of the extra innings, but held gamely to the job, although Boyce plainly showed he was not passing across the stuff fed up early in the game. To all appearances Descoteau's arm still held the pep as he closed the last inning with two strike outs from the heavy end of the Paris order. On the other hand Norway won their game with the oak wagon tongue Purington, the first batter up, singled, stole second and scored on Fletcher's two base wallop. This was the beginning of a big drive, but the game finished in a flash for Norway, and what the future might have been is pure speculation.

Norway Grange Notes.

The meeting of Norway Grange on June 8 was called to order by Worthy Master W. O. Perry at 1:45 p. m. Officers pro tem, F. P. Towne, A. Steward; Ida Richardson, L. A. Steward; Harlan Brown, Steward. Meeting opened in form. One candidate, was elected to membership. Communication from food administrator, Herbert Hoover, was read by the secretary. Sister A. E. K. Grover one of the committee on the purchase of a flag, reported that a flag had been ordered and would be received in time for the next meeting. Mrs. Grover and Mrs. Gannon suggested that a second flag, purchased for exclusive use in the hall, Harriet Buck moved that a second flag be procured. The motion was carried.

Norway Grange now has three of her young members in the service, viz: Edwin Austin, Carroll Heston, and Ben Heston. Sister Icie Cox offered to make a Service Flag and was appointed to do so. Too much honor cannot be paid to the youth of our land by the waiting ones at home.

A special all day meeting will be held on June 29th. Degree work in the forenoon, a picnic dinner enjoyed and in the afternoon, the program will be in charge of Captain Ora Howe, assistants Ethel Dutton and Mary Gannon.

A number of the members are planning to go to Wilson's Mills on June 22. Worthy Treasurer of Pomona, G. W. Richardson, advises that each provide food enough for their dinner and supper as Aiskoon Grange No. 402 will furnish a supper at midnight and a breakfast to all who wish the following morning.

Captain Ellen Perry and her assistants Captain Delano and Emma Swan presented a pleasing program as designated exceptionally interesting. First, to last.

Dr. B. F. Bradbury was to have been the speaker of the day and give a talk on "Health," but was unable to be present. The stage decorations gave to the front a bower-like appearance as it was backed with hemlock boughs, sprigs of Spruce, Bridal wreath, with bouquets of Iris and garden lilies at intervals.

A pedestal draped with the stars and stripes held a bouquet of lilies as an easel for a picture of President Woodrow Wilson. Flags were much in evidence. The numbers follow: Uncle Sam's Helpers, with Uncle Sam at the head, the helpers marched from the ante room to the stage. Uncle Sam (Fred Perry) with England, France, Belgium, Italy,

Liberty Bonds, Farmer, Food Demonstrator Service Flag, Red Cross Nurse. Kate Delano paid tribute to the stars and stripes, followed by each one, Mary Churchill, Lelia Watson, Carl Perry, Mary Bennett, Elva Perry, Dora Brown, Ella Perry, Winnie Hall and Sarah Farrington. Old Glory was sung by all at the opening of the exercises with Carroll Delano, violin; Adeline DeCoster, piano. Paper: (A Tribute to Crockett Ridge) Mary Churchill; Paper: Value of Health, Elva Perry. Quotations on the health, members under Capt. Perry's leadership. Original address by "Uncle Josh" (Fred Perry). He paid considerable attention to a wireless telephone organization, purported to being exploded by Phil Stone, encore. A trip he made with Arthur Buck to Togus, the Insane Asylum and a call on Bro. J. A. Roberts at Augusta. "Come again, Uncle Josh." Piano solo by Elva Perry and America was sung by all, closed the program.

Visitors were present from Crooked River, Waterford, Scarborough and Paris Granges. A number of members were reported ill.

War Garden Thriving

Mrs. W. W. McGown of Gorham, N. H., who received a package of Government seeds through this office writes us the following letter: "I want to tell you that the seeds I received are doing fine. I have a good garden under way and am doing it all myself as my son is in the service. He left home for Camp Dix, N. J., April 26th. I have a bushel of potatoes, about 4 quarts of beans, 1 1/2 quarts of peas, sweet corn and beets, carrots, parsnips, Swiss chard, onions, radishes and lettuce all up and growing fine; also sweet peas and other flowers."

Something like twenty enthusiastic young lady rooters from the Norway leaf's Restaurant, boarded a seven passenger auto after the game Saturday and toured the main streets. The victory was fittingly celebrated with no broken auto springs to chip for later.

Morrell Greenleaf, proprietor of Greenleaf's Restaurant has moved his family from the John Woodman rent on Derby street to the Horace Mixer house on Cottage street.

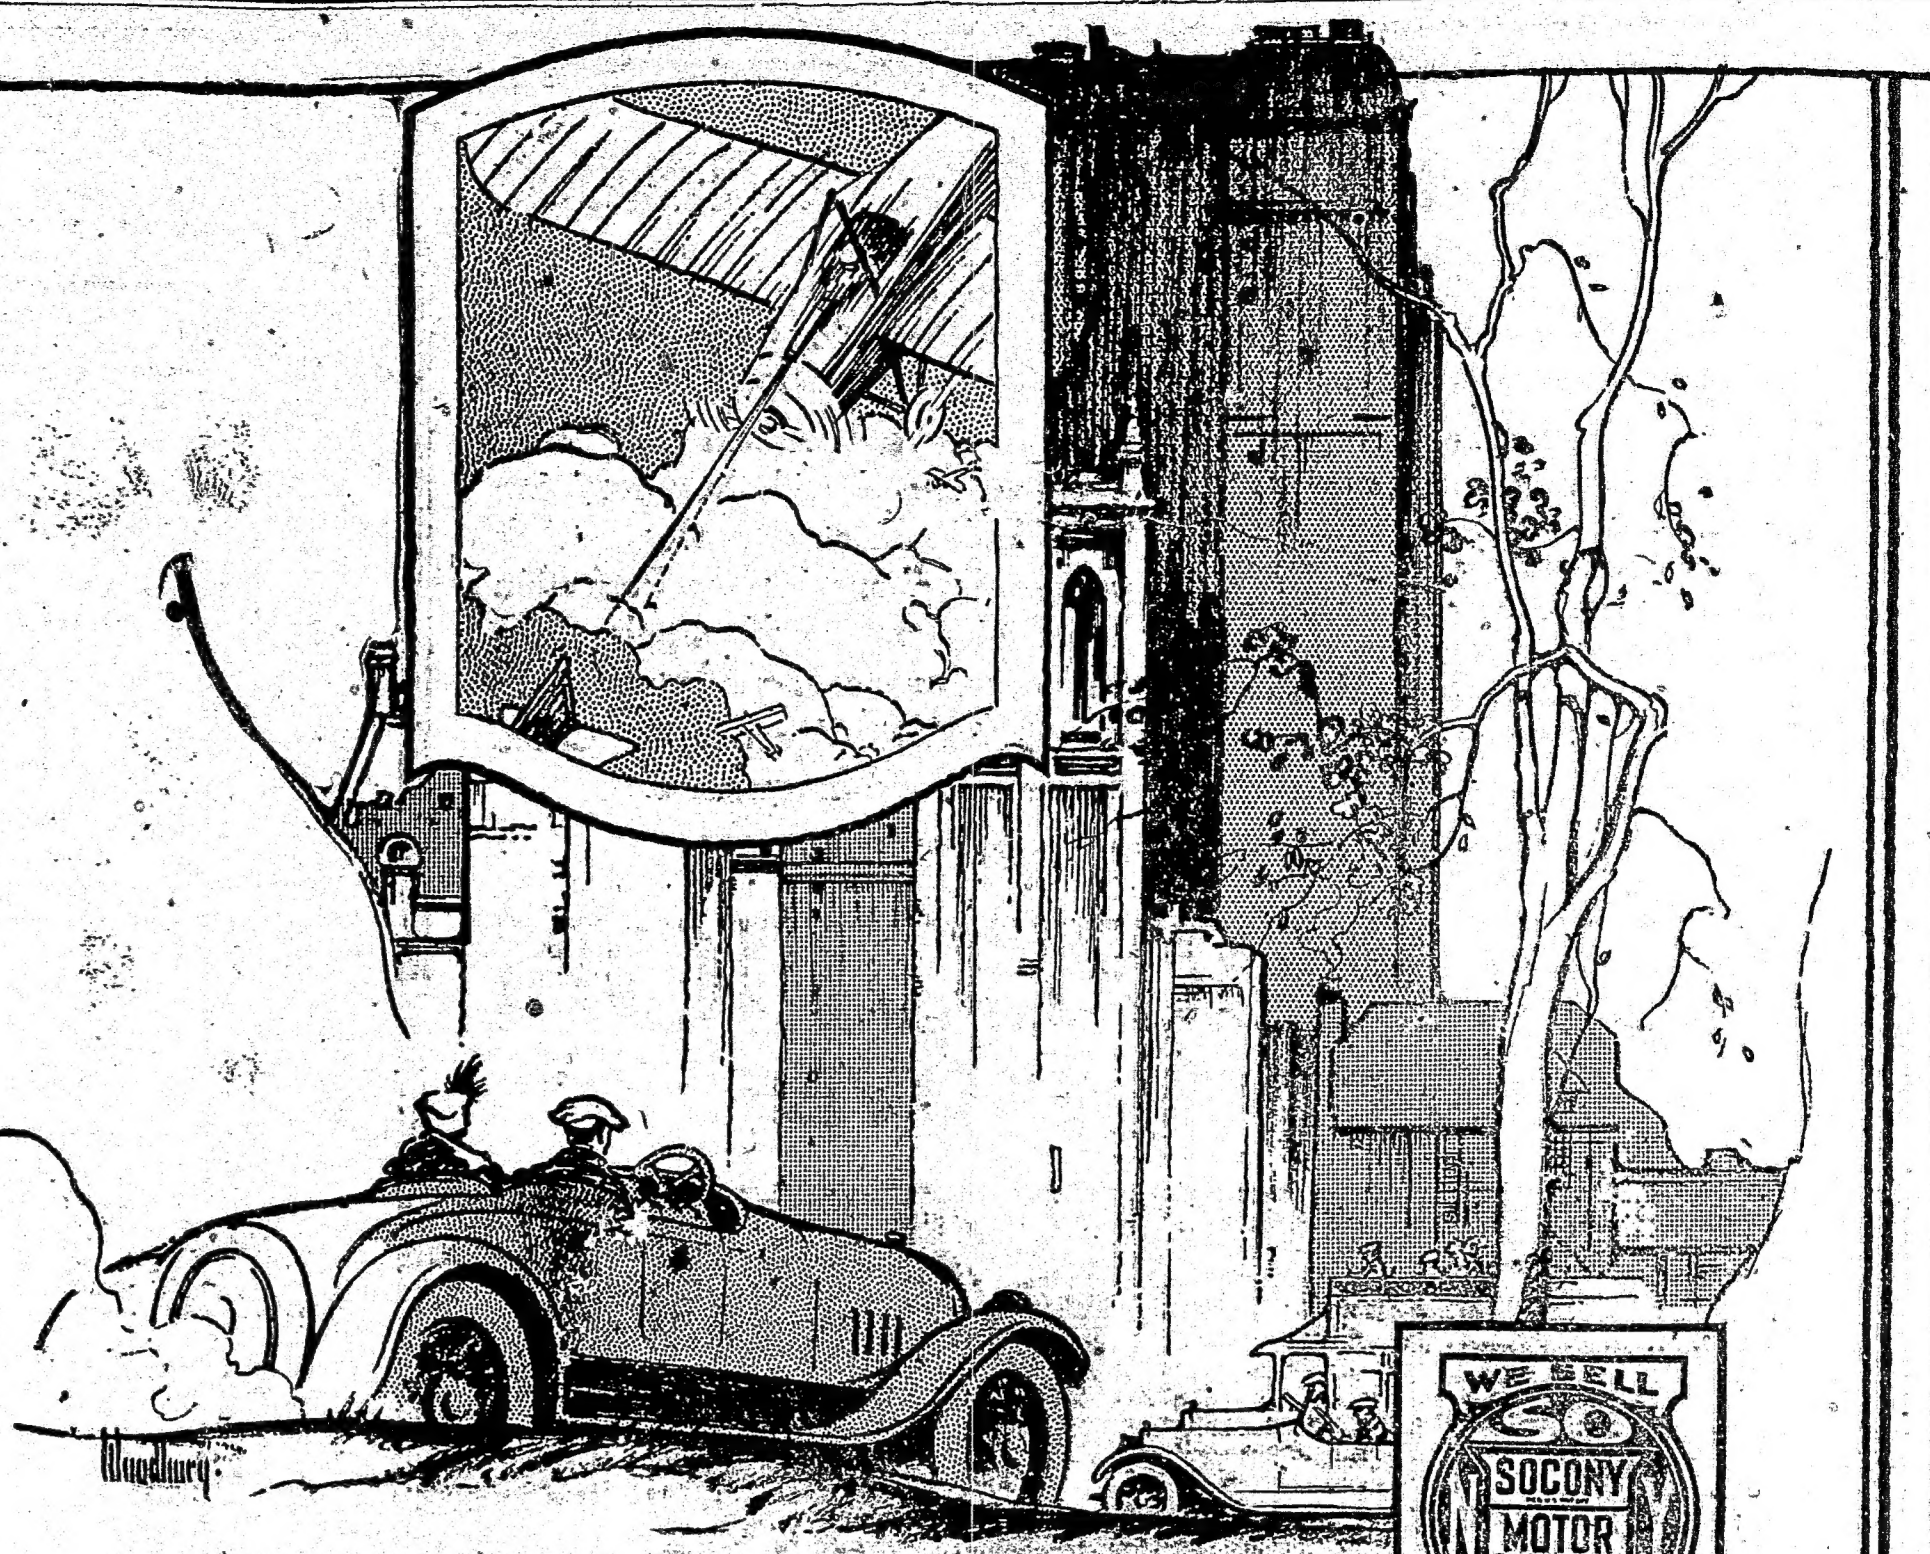

Howard W. Evers, a student in the University of Maine, arrived home Friday evening to find a short time. He is employed by the Bath Auto Co. and drives cars from points of distribution in New York State to their salesroom in Maine.

Elva M. Perry entertained the Senior class and three teachers, A. C. Parker, Marion Lougee and Marguerite Lougee at her home near Norway Lake during the evening of June 6. Dancing and games were enjoyed until a late hour. Dainty refreshments were served.

Mrs. Sadie Coolidge of West Sumner spent a few days recently with her mother, Mrs. Annie Nutter, on Beal street.

Mrs. and Mrs. Austin Perry of New York were guests Sunday at Mr. and Mrs. Fred D. Hosmer's, Paris street. They drove from Portland in their auto and were accompanied by Sergt. Paul Hosmer, Med. Dept., Fort Levee. All returned late in the afternoon.

Jennie Richardson and Clara M. Elliott, president and treasurer of Harry Bust W. R. C. have been chosen delegates to the State convention in Augusta June 19 and 20.

Grammar School Graduation Exercises

Grammar school graduation exercises were held this year for the first time in the history of the Norway public schools. A class of thirty successfully completed the eighth grade course and received diplomas at the exercises arranged by the teacher, Mary F. Dresser, in Norway Grange Hall, Friday evening, June 7.

The decorations around the stage front included potted plants, white and cut flowers with American flags on each side. Front seats reserved for the graduates were designated by dark blue and white ribbon bows, this combination being the class colors.

Dorothy Thomas marshaled the class to their places at 8:30 and the young ladies' chorus from its members sang "Out on the Deep," followed by a prayer by Rev. H. L. Nichols.

The Salutatory Address "Thrift" was given by Dorothy E. Chandler. She mentioned the present condition of our country, owing to the world's war and suggested every loyal citizen should have an important part by working in conjunction with the Food Administrators to conserve necessary elements by self-denial. Our government uses money in the form of loans represented by Liberty bonds, War Savings and Thrift stamps, giving just returns for its use. If we are true Americans this call will be answered by a ready and constant response.

William B. Ledger read "The Stars and Stripes" and the chorus rendered the canoe song Cribbribbin. The dramatization of a poem "The Town Meeting of Killingsworth" was presented by a class selected from the class of 1918.

Grammar School Graduation Exercises—11 Squire Pompos. Carroll R. DeCoster, Deacon Knowlton. Paul L. Noyes, Pastor Jacobus. Kenneth M. Rose, Prof. Jameson. Houghton Kimball, Farmer Cheerful. Kenneth M. Rose, Mrs. Adams. Dorothy E. Chandler, Conductor. Doris E. Cummings, Dorothy Thomas played a violin solo.

"Angels' Serenade," and the flag drill followed which included marching, the execution of several figures and singing "America" and "Star Spangled Banner." Class members in this exercise were Eleanor A. Smith as color bearer, Beryl E. McKay, Myra M. Gammon, Dorothy Thomas, Clara F. Harwood, Mabel A. Perry, Lena M. Richardson, Mina L. Webber, Gertrude A. McAllister, Vera I. Smith, Doris E. Cummings, Addie B. Longley, Dorothy E. Chandler.

Beryl E. McKay in a neatly worded speech, on behalf of the 1918 class and teacher, presented the school a secondary electric clock. This timepiece was purchased by the grammar school through the efforts of Mary E. Dresser and connected electrically with the master clock in the high school assembly room several weeks ago. No formal presentation was made until this time.

In an inspiring address to the class, Rev. Chester G. Miller of South Paris impressed upon every member of the class the duty of going higher, taking the next step as freshmen then continuing through the prescribed course. An education in specialized America is imperative because of conditions brought about through war conditions. As time passes the demand for the material branches of knowledge with salaries according to value received. Students who have improved their opportunities today, will be the leaders of the future. Therefore, as good Americans every pupil should seek knowledge, not only the material branches, but must search after spiritual truths and learn to know God. The stars and stripes as an emblem of the most democratic government on earth, cannot come unto its own unless education and spirituality are blended and carried on to the coming generations.

The Valedictory address, "Shall I go to High School?" given by Eleanor A. Smith was a personal answer in the affirmative to her class mates. She urged every member to continue and argue on the advantages of more advanced knowledge, and opportunities which will come to a thorough student seeking a place in the world's busy affairs. In the age opening before us an education means progress and individual victory, but defeat to one not equipped with a knowledge of important things.

Supt. True C. Morrill complemented the class for their excellent work during the year and thanked all for responding quickly in any emergency when called upon by the teacher or himself. He was proud of the fact that the grade had raised \$700 since January 1 for Liberty bonds and War Stamps, beside large gifts in money and labor for the Red Cross. He presented the diplomas which were neatly printed, carrying the pupil's name and signed by the teacher and superintendent. The rolls were tied with blue and white ribbons.

"For a closing number the chorus sang 'When the Flag goes by.' The musical numbers were selected and drilled by Elizabeth McCree, supervisor of music in the Norway schools, and Elizabeth Klein N. H. S. was accompanist during the evening.

The following students received diplomas:

Water Powers In Maine

Attention is called to the statement in a former issue of this paper that during the past seven years many of the most noteworthy enterprises involving power and storage development to the extent of more than 90,000 horse power and an expenditure of large sums of money have been made.

But the Lewiston Journal insists that there is a combination of corporations that is hostile to the welfare of Maine and it calls this supposed combination "The Octopus." It infers that sixteen corporations control nearly all the water powers in Maine and constitute "The Octopus." Let us examine into the component parts of "The Octopus." The owners of the developed water powers of Maine are well known. The list includes:

The Union Water Power Company of Lewiston and its allied interests, the Union Electric Company and the Androscoggin Reservoir Company, the sources of power for operating the great Cotton Mills of Lewiston.

The Androscoggin Electric Company, which supplies Lewiston and Auburn with light and power, and furnishes the motive power to the Street Railroad and to the Portland and Lewiston Interurban Railroad.

The Rumford Falls Power Company, which has developed the thriving town of Rumford Falls and the prosperous manufacturing enterprises therein, including the Oxford Paper Company.

The International Paper Company, with its paper and pulp mills located in seven communities of the State.

The Great Northern Paper Company, with its record of remarkable achievement of building towns and creating business.

The Central Maine Power Company, supplying power and light to sixty cities and towns of the central portion of the State.

The St. Croix Paper Company, has created a new community and added millions to the valuation of the State.

The Hollingsworth & Whitney Company of Madison, Winslow and Gardiner, whose broadminded policies are acknowledged everywhere.

The Pejepscot Paper Company, with its allied companies, the Bowdoin Paper Company and the Lisbon Falls Fibre Company, whose activities are so important a factor to the towns of Brunswick, Topsham and Lisbon Falls.

The Cumberland County Power & Light Company, which has converted the Saco River into a power house for supplying the city of Portland with light, power and transportation.

The Bangor Railway and Electric Company that is to Bangor and Penobscot County the source of many and vital activities.

The Pepperell Manufacturing Company of Biddeford, without which that thriving city would become a village.

The S. D. Warren Company, which has made the Presumpscot River the most highly developed water power river in the United States.

The Orono Pulp and Paper Company of Orono.

The Edwards Manufacturing Company of Augusta.

The Lockwood Manufacturing Company of Waterville.

Is it a scandal that the above mentioned corporations own a large percentage of the water power of Maine?

Are not practically all the developments, not only of water powers but of every kind of enterprise of magnitude, made by corporations? How could it be otherwise? Has Maine individuals of sufficient wealth to conduct these important industries without corporate charters?

If these corporations are inimical to the interest of the people, why does the State charter them and allow them to prey upon the public?

What would be the business condition of Maine without them?

The surprise was genuine, the plans had all been kept secret, and Mr. Bell was so overcome he could barely speak. A nice treat of ice cream and cake was served, and several hours later the company went to their various homes, all wishing Mr. Bell many happy returns of the day.

FIRE AT BRIDGTON FAIR GROUNDS

Fire, the exact origin of which is unknown, has destroyed the grand stand and judge's stand at the Bridgton fair grounds, the loss being more than \$2,500. The buildings were insured. The blaze was discovered shortly after 6 o'clock and as the fair grounds are just outside the village fire corporation limit, the hydrants were useless. The fire had also gained such headway that bucket brigades would have done no good toward saving the stands and so the people who gathered turned their efforts to preventing the spread of the flames into the woods. The officials of the fair association were just making their plans for an unusually fine exhibition this year, but they will go right ahead with them and rebuild as soon as possible.

NORTH WATERFORD

"A Spasm"

A large crowd and good time at the grange spasm June 8th, the ball was set rolling with supper in charge of the grange. This was so well attended that the large tables had to be re-set—the men folks are in hopes to get credit for getting up so good a supper, but as usual, it was the ladies who did much work and deserve the praise.

Next came the ladies' contest. Several towns were represented in this laughable race. Fred McAllister and Mrs. Herbert Lord acted as judges and awarded Mrs. Kate Saunders the prize. A short and interesting program followed:

Star Spangled Banner.....Les. Hobbs
Reading.....Emma Storer
Reading, encore.....Hazel Kimball
Reading.....Killa Martin
America.....America

The floor was then cleared for dancing and a goodly number capered to the music furnished by Burnham Rice, drums, Guy Morse, organ, and Linwood Flint violin, assisted by several friends. The order consisted of one-steps, waltzes and cotillions and there were no waits. Ice cream was served during the evening by the ladies and a nice assortment of cakes were in evidence. It certainly was some "spasm" and we hope they'll have another.

As an aid to patriotic thrift, we suggest that you supply your summer needs now, and avoid the disappointment which will come through unnecessary delay.

This is our message to every thrifty woman. Consider it carefully.
